

THE WINDSOR OF LAWRENCE

COMMUNITY EVENTS

Succulents & Stress AUG. 26, 2021 2:00-3:00PM

For generations, gardeners have known all the beauty that emerges from watering, caring, and planting is good for you. Even if just a few plants are on the windowsill, gardening can improve your physical and emotional well-being and has social benefits as well. Rachel Guffey, the owner of Jungle House, is joining us to teach all about how gardening can make our lives a bit more peaceful.
